MN Winery Road Trips for the Fall

September 5, 2018

It's time for wine and fall color all around the region

7 Vines Vineyard

Starting from the Twin Cities, head northeast to 7 Vines Vineyard in the tiny community of Dellwood east of White Bear Lake. Although you've barely left the metro, the winery's rustic design evokes a cabin up north, with stone fireplaces and panoramic views of the vineyard and wooded preserve. In addition to several Minnesota-grown options, 7 Vines offers a handful of wines featuring California grapes.

"7 Vines literally have the most impressive winery and grounds in the state of Minnesota," says sommelier Leslee Miller. "They actually modeled it after a winery they found in Sonoma. Live music, food trucks, events, gorgeous tasting bar, fire pit outside, gorgeous hearth, tours, and tastings."
