7 Vines Vineyard

7 Vines Vineyard is a labor of love founded by married duo Arlie and Ron Peltier, originally planted in 2011. The lovely Dellwood winery is named for Ron's hockey jersey number and the number of grandchildren in the couple's family, with all seven children's names gracing all bottles of wine the company produces. Fine wine varietals produced by the company throughout the year include Riesling, La Crescent, Frontenac Gris, Chardonnay, and Marquette, available for purchase and sampling at the company's public tasting room. Personal winery tours are also available Tuesdays, Wednesdays, Thursdays, and Sundays throughout the afternoon hours, overlooking the company's operations and offering samples of the company's current releases. Weekly Yoga at the Winery events are led by local certified yoga instructors.
